

ASSIGNMENT

```
graph TD; A[ASSIGNMENT] --> B[x]; A --> C[REAL]; C --> D[3.14159];
```

A flowchart illustrating the assignment of a value to a variable. It starts with a box labeled 'ASSIGNMENT'. Two arrows point from this box to two separate boxes: one labeled 'x' and another labeled 'REAL'. From the 'REAL' box, a single arrow points down to a box containing the numerical value '3.14159'.

x

REAL

3.14159
